

Peace Christian School

Supply List for Grades 7-12

Updated July 2020

1. 1 zip up binder with dividers and pockets (3”).
2. Several packs of notebook paper.
3. Pens red and black or blue
4. Lead or mechanical pencils (#2)
5. Pencil erasers
6. A good geometry set
7. Calculator:
 - a. Grades 6-9: A general scientific calculator should be sufficient. Please make sure these calculators have a pi button, as well as buttons that allow you to compute exponents, square roots, and cube roots.
 - b. Grades 10-12: Students need a TI-83+, TI-84, or TI-84+ graphing calculator by Texas Instruments or some newer brand made by the same company. Other brands are difficult to use as methods/buttons vary and teachers are unlikely to be able to help determine the steps to follow.
8. Students in Workplace Math 11 & 12 and Pre-calculus Math 12 need graph paper
9. Personal water bottle
10. PE gym strip and proper athletic shoes (please ensure clothes are modest)
11. **All students must have indoor shoes (non marking soles)**
12. Other potentially helpful items:
 - a. Colored pencils
 - b. White out
 - c. Highlighters
 - d. 12” Ruler
 - e. Lock for locker. If a student provides their own, they will need to give the combination to the office.
